

TransD: Summary Report

The Summary Report contains *Bug Report* and *Suggestions* for improving the user experience on the App “TransD” on Android.

Sign Up screen

- **SUGGESTION:** When creating a profile it asks for a username but then references a “nickname”, for a user that could be confusing if its considered a nickname or username

Hi friend, Welcome to transD.

**What's your
TransD username?**

Nickname

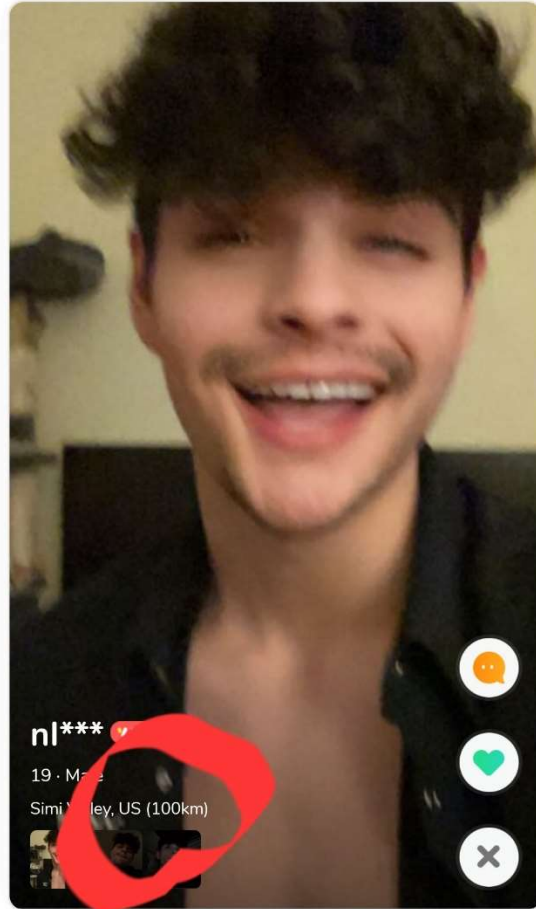

Next

Spark

- **BUG:** When displaying another user it show the distance in metric system, maybe having this be more dynamic depending where the personal users profiles location is set at

Search **Spark**

Filter section

- **BUG:** Distance bar : set dynamically depending on personal user profile

Edit Profile

- **SUGGESTION:** Other Info > Fantasy : There could be more options or allow the user to enter their own information
